EDUCATION

King Abdulaziz University

Bachelor of Science (Hons) in Computer Science (GPA: 4.48)

Graduation Date: August 2022

- Minor in Software Engineering.

CERTIFICATION

Tuwaiq 1000 Training Bootcamp

Full Stack JavaScript Developer

December 2021 - February 2022

- Total of (120) Hours.

PROJECT EXPERIENCE

Saudi Plan [Code](#) [Link](#)

- Worked with **HTML/CSS** and **JavaScript** along with **PHP** and created dynamic website.
- Developed user authentication and authorization with CRUD functionality.
- Allow partners to request and publish their travel packages and modify them as they wish.
- Allow the user to order a package with the ability to customize their packages.
- Designed an integrated database using **MySQL** that leveraged the **PHP** architecture.

Shock. [Code](#) [Link](#)

- Developed a Full-stack E-Commerce Website with **Next.js** / **React**.
- Users can interact with products, see their order history, and more.
- Integrated **Strapi** as the Backend with **GraphQL** to create, manage and expose the products.
- Integrated **Stripe** to accept payments, invoicing and secure payments (including Apple and Google Pay).
- Integrated **Auth0** for authentication and automated the registration process (including Google Sign-in).

GAME-24h [Code](#) [Link](#)

- Developed application using **React** while managing the state through **Redux**.
- Incorporated **RAWG API** to fetch details of the upcoming, popular, and new games, and with the ability to search for games.
- Used **Styled Components** to create a visually aesthetic graphic.
